Insurance

Think about it only when you need it....

Insurance is one of those items that we often don't think about until we need it – and by then it may be too late. Many people choose not to take insurance in an effort to save money – but if you lose all your belongings – that will also cost a lot of money to get set up again.

Good news is now at hand with AAI (backed by Suncorp) now offering affordable insurance for those on low incomes – see details below. I will also attach their brochure directly with this newsletter and if you feel this cover might be suitable for you, contact them directly to explore the options further.
